Cross Extending Table by Matthew Hilton
Cross Extending Table by Matthew Hilton

The award-winning Cross Extending Table is a fine example of Matthew Hilton’s innovative approach to wood furniture design and signature minimal aesthetic.

Practical and versatile, simple lines build to create a distinctive contemporary shaped base designed to offer ample leg room. The table top expands with a smooth and simple pull to allow for the addition of two extra leaves. The extension leaves can be stored in the concealed compartment under the table top when not in use.

Constructed from a solid wood base and a solid edge veneered top, the Cross Extending Table seats 8 to 12 people.

Winner of the ELLE Decoration Award for Best in Furniture 2006, the Homes & Gardens Classic Design Award in 2007 and the Design Guild Mark in 2008.

Made in Lithuania.

Key Features
Sturdy extending dining table
Seats 8-12 people
Two extension leaves are stored inside the table
Leaves can be used singularly
Suitable for contract use

Technical / Construction
Solid wood legs, base and edge
Veneered top and leaves
Felt lined underframe leaf storage
Mechanical ball-bearing extension system
Clear polyurethane lacquer
Part assembly required - minimum 2 people

Available Finishes
Oak
Walnut
Black stain
Cross Fixed Table by Matthew Hilton
**Cross Fixed Table** by Matthew Hilton

The Cross Fixed Table imbues all the features of the iconic, award-winning Cross range without the extension for those who do not require it. It is a fine example of Matthew Hilton’s approach to wood furniture design that embodies his signature minimal aesthetic. The simple lines of the base create a distinctive contemporary base, allowing the table to offer plenty of leg room.

Constructed from a solid wood base and a solid edge veneered top, the Cross Fixed Table seats 6-8 people. The table is finished with a clear polyurethane lacquer to provide a finish that will last.

Made in Lithuania.

Kigumi Table by Nazanin Kamali
The Kigumi Table, designed by Nazanin Kamali, embodies the modern principles of design and accentuates a timeless look. It reflects Nazanin Kamali’s conviction that a casual dining table needs to be simple, have a small footprint and be suitable for everyday use.

Lightweight and strong, the unique lines and shape of the base create a refined but simple aesthetic, making it the perfect centrepiece in your home. The solid wood base is complemented by a veneered top with a chamfered edge, and a clear lacquer finish allows the natural warmth of the wood to come through.

With a sitting arrangement of 4-6 people around 1.2m tabletop, the Kigumi Table is a simple and elegant table, perfect table for small dining areas.

Made in Lithuania.

**Key Features**
- Small footprint
- Sturdy fixed dining table
- Intersecting supports provide stability.
- Chamfered edge ensures comfort and durability.
- Seats 4 people
- Suitable for contract use

Dulwich Extending Table by Matthew Hilton
**Dulwich Extending Table** by Matthew Hilton

Designed by award-winning designer Matthew Hilton, the Dulwich Extending Table is a fine example of his passion to create desirable, rigorous and beautiful products which imbue functionality.

Displaying exquisite proportions, the slender legs draw away from the corners to maximise leg room, while the table top expands with a smooth and simple pull to allow for the addition of two extra leaves. The extension leaves can be stored in the concealed compartment under the table top when not in use.

Suitable for seating 8 to 12 people, the Dulwich Table provides a versatile and elegant choice for dining and entertaining.

Made in Lithuania / Thailand.

Dulwich Round Extending Table by Matthew Hilton
Crafted with attention to detail, the Dulwich Round Extension Table features mitred joints, visible through-tenons in the legs and exquisite proportions that all speak to its quality. It features solid wood legs with a solid edge veneered top. To extend the top, simply pull one end of the table to simultaneously open both halves and pull the handle on the stored leaf to extend the table from 125cm to 175cm. The table can sit up to 6 people, depending on the size of your chairs.

Bridge Extending Table by Matthew Hilton
Bridge Extending Table by Matthew Hilton

Created by award-winning designer Matthew Hilton, the Bridge Extending Table is a contemporary and versatile table for modern living.

Designed with gently tapered solid wood legs and a veneered table top, the supporting frame arcs underneath the table top similar to a bridge formation, allowing the legs to face outwards to maximise leg room.

Fusing modern design and functionality, the Bridge Extending Table table is available in two widths. The 1.1m table extends to 1.6m and seats up to a maximum of 6 people. The 1.6m table extends to 2.6m and seats up to a maximum of 10 people. Extension leaves should be stored externally.

Made in Lithuania.

Key Features
Available as a 1.1 and 1.6 m top
1.1m table extends to 1.6m (1 leaf)
1.6m table extends to 2.5m (2 leaves)

Lucent Tables by Matthew Hilton
Lucent Tables by Matthew Hilton

Joining the glass panels of this contemporary range at right angles creates an unusual, warm effect as the translucent panels overlay darkening the shades. The top and base panels have a curved edge, made from tempered glass which mean the tables are highly durable.

The structural partitions of the Lucent tables create a division inside, which can be used to display objects or store books and magazines. Using a classic material, such as tempered glass for a collection of tables, makes these handsome, yet delicate tables ideal for the home, or within hotels and bars.

Made in Lithuania.

Loku Tables by Shin Azumi
**Loku Tables** by Shin Azumi

The Loku tables was designed as part of the Loku range by Shin Azumi.

Azumi expanded the collection to include bar tables and café tables, suitable to be used in cafes and restaurant environments.

The range has taken its name from the Japanese word for the number 6, pronounced Roku, with the R sounding like an L, making reference to its six sides and six corner.

The Loku Table is available with a powder-coated steel base, in white or black. The table was designed for both commercial and residential use providing variations in height to accommodate the different uses.

Made in Thailand.

Kelston Range by Matthew Hilton
Kelston Range by Matthew Hilton

The Kelston Range is smartly proportioned with minimal contemporary detailing, resulting in a sleek and timeless sofa which is built to last. Boasting large seating areas, wide arms and foam and feather cushions for optimum comfort, a unique feature of this sofa is the articulating headrests which can be adjusted to a variety of angles and heights, or folded out of the way when not in use.

Key Features
Articulating back which can be adjusted to a variety of angles and heights.
Modular: custom configurations can be made by adding additional elements.

Technical / Construction
Engineered cushions fabricated from mixed materials including feather and foam
Metal frame

Made in Italy.

Please refer to the swatch page for fabric and leather upholstery options.
Stanley Range by Matthew Hilton
The Stanley sofa and armchair are the perfect combination of sharp lines and soft upholstery. The range has a Mid-Century design ethos, which recalls the clean-lined aesthetic of the ‘50s and ‘60s.

Designed by Matthew Hilton, this range features a solid timber frame, which gently tapers towards the back, while the low arms and soft leather upholstered cushions make the pieces both aesthetically pleasing and also comfortable.

Please refer to the swatch page for fabric and leather upholstery options.

Made in Lithuania.

675 Chair by Robin Day
675 Chair by Robin Day

A design that has truly stood the test of time, the 675 chair is one of the most recognised of the Twentieth Century.

Originally created in 1952, the chair’s most prominent feature is its curved walnut-veneered plywood back. Pioneering at the time, Robin Day overcame the difficulty of forming a single moulded plywood chair with armrests, by creating a fluid shape using a singular curve.

In close collaboration with the Robin and Lucienne Day Foundation, Case revisited the original design and faithfully reinstated, in the 2014 chair, the element and detail of the 1952 original.

Suited to both dining and home office environments.

Made in Thailand.

Narin Chair by David Irwin
**Narin Chair** by David Irwin

Inspired by the constantly adapting nature of modern workshops, the Narin chair is both easy to collapse and move around, and can be stored in condensed stacks that occupy minimal space.

The elegant design features a smooth sweeping transition from the turned legs into the formed backrest, which also doubles as the mount for the pivot from where the back leg rotates.

The seat and back are formed from layered birch ply with a clear lacquer oak veneer and brass fixings. The fixings contained on the underside of the chair slide along the grooves within the back legs to present a graceful silhouette with clean flowing lines, which looks as good folded away for storage as it does when open and in use.

The Narin Chair received the Design Guild Mark Award and the Wood Award for Best Production Made in 2017.

Made in Thailand.

Oki-Nami Chair by Nazanin Kamali
Oki-Nami Chair by Nazanin Kamali

Part of the Oki-Nami range, this modern chair was originally designed for the Oki-Nami Japanese restaurant in Brighton, UK in 2008. The brief was to create contemporary tables, chairs and stools that reflected the craftsmanship, proportion and attention to detail found in Japanese creative industries. It also needed to be suitably comfortable and durable enough for its intended restaurant environment.

Nazanin Kamali designed the interior of the restaurant and worked with Case to create the tables, chairs and stools. The chair was shortlisted for the Restaurant and Bar Design Awards in 2009.

The signature wrap around back is naturally used as an armrest and remains supportive when sitting sideways.

Made in Lithuania.

Oki-Nami Stool by Nazanin Kamali
**Oki-Nami Stool** by Nazanin Kamali

The Oki-Nami stool is a simple design which takes its influence from Japan creating a contemporary stool that reflects the craftsmanship, proportion and attention to detail found in Japanese creative industries. It is suitably comfortable and durable enough for restaurant environments as well as within the home.

The double footrests give the stool a clean and balanced aesthetic and it is finished with a leather upholstered seat pad.

The Oki-Nami collection was designed as a bespoke product for the Oki-Nami Japanese restaurant in Brighton, UK. Nazanin Kamali designed the interior of the restaurant and worked with Case to create the tables, chairs and stools.

Made in Lithuania.

**Key Features**

A simple frame with integrated footrest

Upholstered seat pad is 50mm thick and provides a comfortable seat

Suitable for contract use

**Technical / Construction**

Solid oak or walnut frame

Leather upholstered seat pad fabricated from mixed foam layers

Clear polyurethane lacquer

Fully assembled

Loku Chair by Shin Azumi
Japanese designer Shin Azumi created the Loku Chair making good use of the efficient methods of advanced three dimensional (3D) veneer technology, which allows the seat to be moulded into more complex forms, making the visually and physically light shell comfortable, supportive and robust.

The moulded seat and back is made from a thin plywood veneer that can be shaped when heated into tight curves to stiffen the material.

The Loku Chair is available with a wood & metal or steel tube base. The chair was designed for both commercial and residential use providing variations to accommodate the different uses.

The Loku Range won the Design Guild Mark Award in 2016.

West Street Chair by Robin Day
The West Street chair is a pared down design based on a simple cube shape. The result of a challenge that designer Robin Day took on to create a chair with the simplest form, the West Street chair started life as a personal project. Named after the home Robin and Lucienne Day moved to in 1999, the chair was taken on by Case as a simple desk or occasional chair.

“There’s this very vulnerable planet of ours with finite resources. Architects and designers have, I think, a fair responsibility for conserving energy and materials, and making things durable.” - Robin Day

The solid wood frame has two upholstered leather pads that act as the seat and the back with the back pad angled slightly for extra comfort.

Made in Thailand.

Mantis Desk by Samuel Wilkinson
Mantis Desk by Samuel Wilkinson

British designer Samuel Wilkinson's idea was to create a desk that would work excellently in a compact home environment with a clean elegant aesthetic.

The flexible design comes with attachable accessories that help to keep your environment neat and tidy. The solid wood top has a removable plate that allows easy access to a storage tray hiding unsightly plugs and cables.

Other accessories include a small draw for a laptop or papers, a file holder and a back panel that can act as a note board or in an open space as a privacy screen. The table's four steel legs are also detachable, making the entire workplace easy to store or transport. The design lends itself to a home office or is ideal in tandem, back to back.

Made in Lithuania.

Key Features
- Hidden storage tray for cables and plugs
- A large flat panel doubles as a magnetic note board and privacy screen
- Suitable for contact use

Technical / Construction
- Solid ash top
- White powder coated steel frame

Particle Shelving by Shin Azumi
**Particle Shelving** by Shin Azumi

When it comes to storage, one size rarely fits all. Shin Azumi addressed this by designing the Particle Shelving to work singularly or as a multiple configuration to fit any space.

This modular storage unit is available in individual sections; a stand-alone unit that can be combined with as many extension units as needed.

Available in walnut, oak or white, the staggered depths of the compartments add an architectural diversion to the design, which is enhanced with each unit added.

Made in the Czech Republic.

**Key Features**

Free standing unit, which can be combined with extensions to create wider storage

Supplied with a wall tie to retain unit against the wall if required

Eos Bench by Matthew Hilton
**Eos Bench** by Matthew Hilton

The Eos Bench is a versatile outdoor bench fully constructed from powder-coated aluminium that resists weathering and rusting over time and is finished with nylon floor glides.

Eos is a contemporary outdoor collection which is physically and visually light, smartly proportioned and very comfortable. Certain to inspire leisurely outdoor living and dining during the long days of summer, this collection was named after Eos, the Greek goddess of dawn and bringer of light.

Two benches can fit neatly under the Eos Rectangular Table when not in use.

Designed by Matthew Hilton the Eos Range was awarded the Design Guild Mark Award in 2016.

Made in China.

Sum Pendant Light by Terence Woodgate
Sum Pendant by Terence Woodgate

The sculptural Sum pendant collection features an innovative LED module, allowing the pendant to be fitted directly to mains without a driver or transformer. A white silicone shade surrounds the module, above which balances a large, floating disc (Ø500mm) and cable tube in a textured finish.

Technical / Construction
Aluminium body, polycarbonate diffuser with opal silicone shade. Aluminium shade disc and cable tube.
2 metre, Ø6mm round 2 core cable.
Steel fixing with magnetically secured powder coated aluminium cover. Ø114 x 20mm. WAGO tool-less connectors. 220-240V ~50/60Hz
Warm white (3000K) colour temperature
1580lm with 50,000hrs LED life.
IP20 rated. RoHS compliant. Flicker free. Dimmable (Triac). High power efficiency. 0.9 power factor. LED module with cable is replaceable at end of life.
2.2kg

Made in China
Solid Pendant Light by Terence Woodgate
**Solid Pendant** by Terence Woodgate

A pure cylindrical or conical form. The rounded inner edge at the shade base is a design signature of the Solid collection. A patented adjustable shade support allows the shade to be hung vertical and straight. As marble is a natural material the hue and veining will vary from piece to piece, making each shade body unique.

**Technical / Construction**

2 metre matt black cable supplied (Ø 4.5mm, 2 x 0.82)  
Ceiling rose Ø 88mm, H 86mm. All fixings are hidden within the ceiling rose.  
Warm white (2800K) colour temperature.  
500lm with 25,000hrs LED life.  
IP20 rated. Class 1  
Supply voltage: 220-240V ~ 50/60Hz  
Lampholder: GU10

Sip Plant Pot by Ann Kristin Einarsen
Sip Plant Pot by Ann Kristin Einarsen

Sip is a two part self watering plant pot which plays with the shape of the classic terracotta form.

Minimally constructed, a nylon wick works as an extension of the plant roots and draws water from the reservoir which enables the plant to draw up just the water it needs.

The Sip Plant Pot makes it easy to keep plants fresh without spending too much time looking after them. A cleverly shaped glazed tray holds water and allows for easy watering.

Made in Portugal.

Key Features
Self watering
Glazed tray allows for easy watering

Technical / Construction
Terrastone
Nylon wick

Purlin Rug by Eleanor Pritchard
Purlin Rug by Eleanor Pritchard

Designed in London and handwoven in India the Purlin Rug features designer Eleanor Pritchard’s intricate graphic patterns inspired by London’s architectural skyline and draws its name from vernacular architectural roofing structures.

The Purlin design is a pattern of long narrow bars and alternating square blocks arranged in a half-drop repeat pattern resulting in a clean linear design with a pared back feel. With a colour palette based on warm and dark greys, sea greens and petrol blues, the Eleanor Pritchard rug collection beautifully encapsulates the metropolitan aesthetic of London.

Available in three sizes, three colours and the option of a hand-tufted or a flatweave design. Please note the runner is only available in flatweave.

Made in India.

Technical / Construction

60% New Zealand wool  
40% Indian wool

Spindle Rug by Eleanor Pritchard
Spindle Rug by Eleanor Pritchard

Designed in London by Eleanor Pritchard and handwoven in India, the Spindle Rug features a large scale pattern of repeating thick and thin blocks centre-scored with a fine accent line.

The pattern has a pleasing simplicity and references architectural detailing as well as the vertical line of yarn on a drop spindle.

Available in wool for indoor use, in two sizes and two colours.
Available in PET for outdoor use in two sizes and two colours

Made in India.
